

August 2020

Board Members Corner

We had a very successful 54th Annual Four Winds BMW Riders Annual Rally August 14 - 16, 2020. Over 125 participants arrived Friday and Saturday, and we enjoyed incredible weather with NO rain and multiple activities.

We had three special country rides throughout Clarion County and [Kissell Motorsports](#) came on Saturday with a truck load of 2020 BMW motorcycles for demo rides and evaluation. A very big thank you to Kissell on making the Rally very special for so many.

Movie night was well attended and we watched "Ford vs Ferrari." A really great movie and a wonderful way to spend part of our Saturday evening. Plus, our Saturday buffet was a huge success. Catering by Zack's Restaurant and food selection was awesome and many attendees commented on how much they appreciated the dinner.

We know many of our members are still taking the time to ride whenever the weather cooperates. Please be mindful, follow the recommendations from the CDC on social distancing, especially if you are riding with others. Be diligent with personal hygiene. Wash your hands, cover your cough or sneeze with your inside elbow, and carry disinfectant wipes. More importantly, ride safe.
