

WHO and WHERE are the 4 Winds BMW Riders?

All current Four Winds members have access to a great tool on our website under the **Members Only** menu tab. Two drop down choices provide:

1. The Member's **ROSTER** list with contact information which can be downloaded, saved or printed.
2. An interactive **MAP** showing members locations.

This is the best way to learn where your friends and other like-minded riders are located that you may want to contact or arrange to meet. It's a great visual of the geographic spread of our club.

How do I access the **Members Only** section?

1. Log in or Register by creating a username and password.
2. Annual club membership dues must be currently paid

The **Members Only** menu tab on our website is available exclusively for members whose annual club dues are currently paid up and have registered and received administrator-approved log-in.

To register, either click "Don't have an account" on the **Members Only** page, OR click "Create an account" on the **Forum** page. (To keep spam and bots at bay, approval is not instantaneous and may take a little time for our webmasters to manually approve.)

After logging in, under the **Members Only** menu tab, you will see two sub-Menu drop down items appear in the left side menu. Choose to view the "MAP" or "ROSTER" pages from there.

Forum Registration: Fill out the "Create an Account" form on the **Forum** menu tab to become a registered site user and participate in the Forum. Club membership is not required to post in the Forum discussions.

Members Only Section: You must first be a registered site user AND have currently paid membership dues to view the club Roster and Map. Permission for access to the **Members Only** section is manually administered by our webmasters for security.

If you are not already a Four Winds member, go to the **Membership Form** menu tab and join the club!
